Outsmart waste from your home

The Mill Membership is a simple way to keep food out of landfills, send it back to farms, and make your kitchen smell awesome.

- 1 Food-shrinking, de-stinking Mill kitchen bin
- 2 Seamless mail-back pathway to farms
- 3 Personalized impact tracking

[How it works](#)

No more nasty trash

Instead of throwing kitchen scraps away, throw them in the bin that comes with your Mill Membership. It dries, shrinks, and de-stinks everything overnight. No weird smells. No drippy bags. No wasted food.

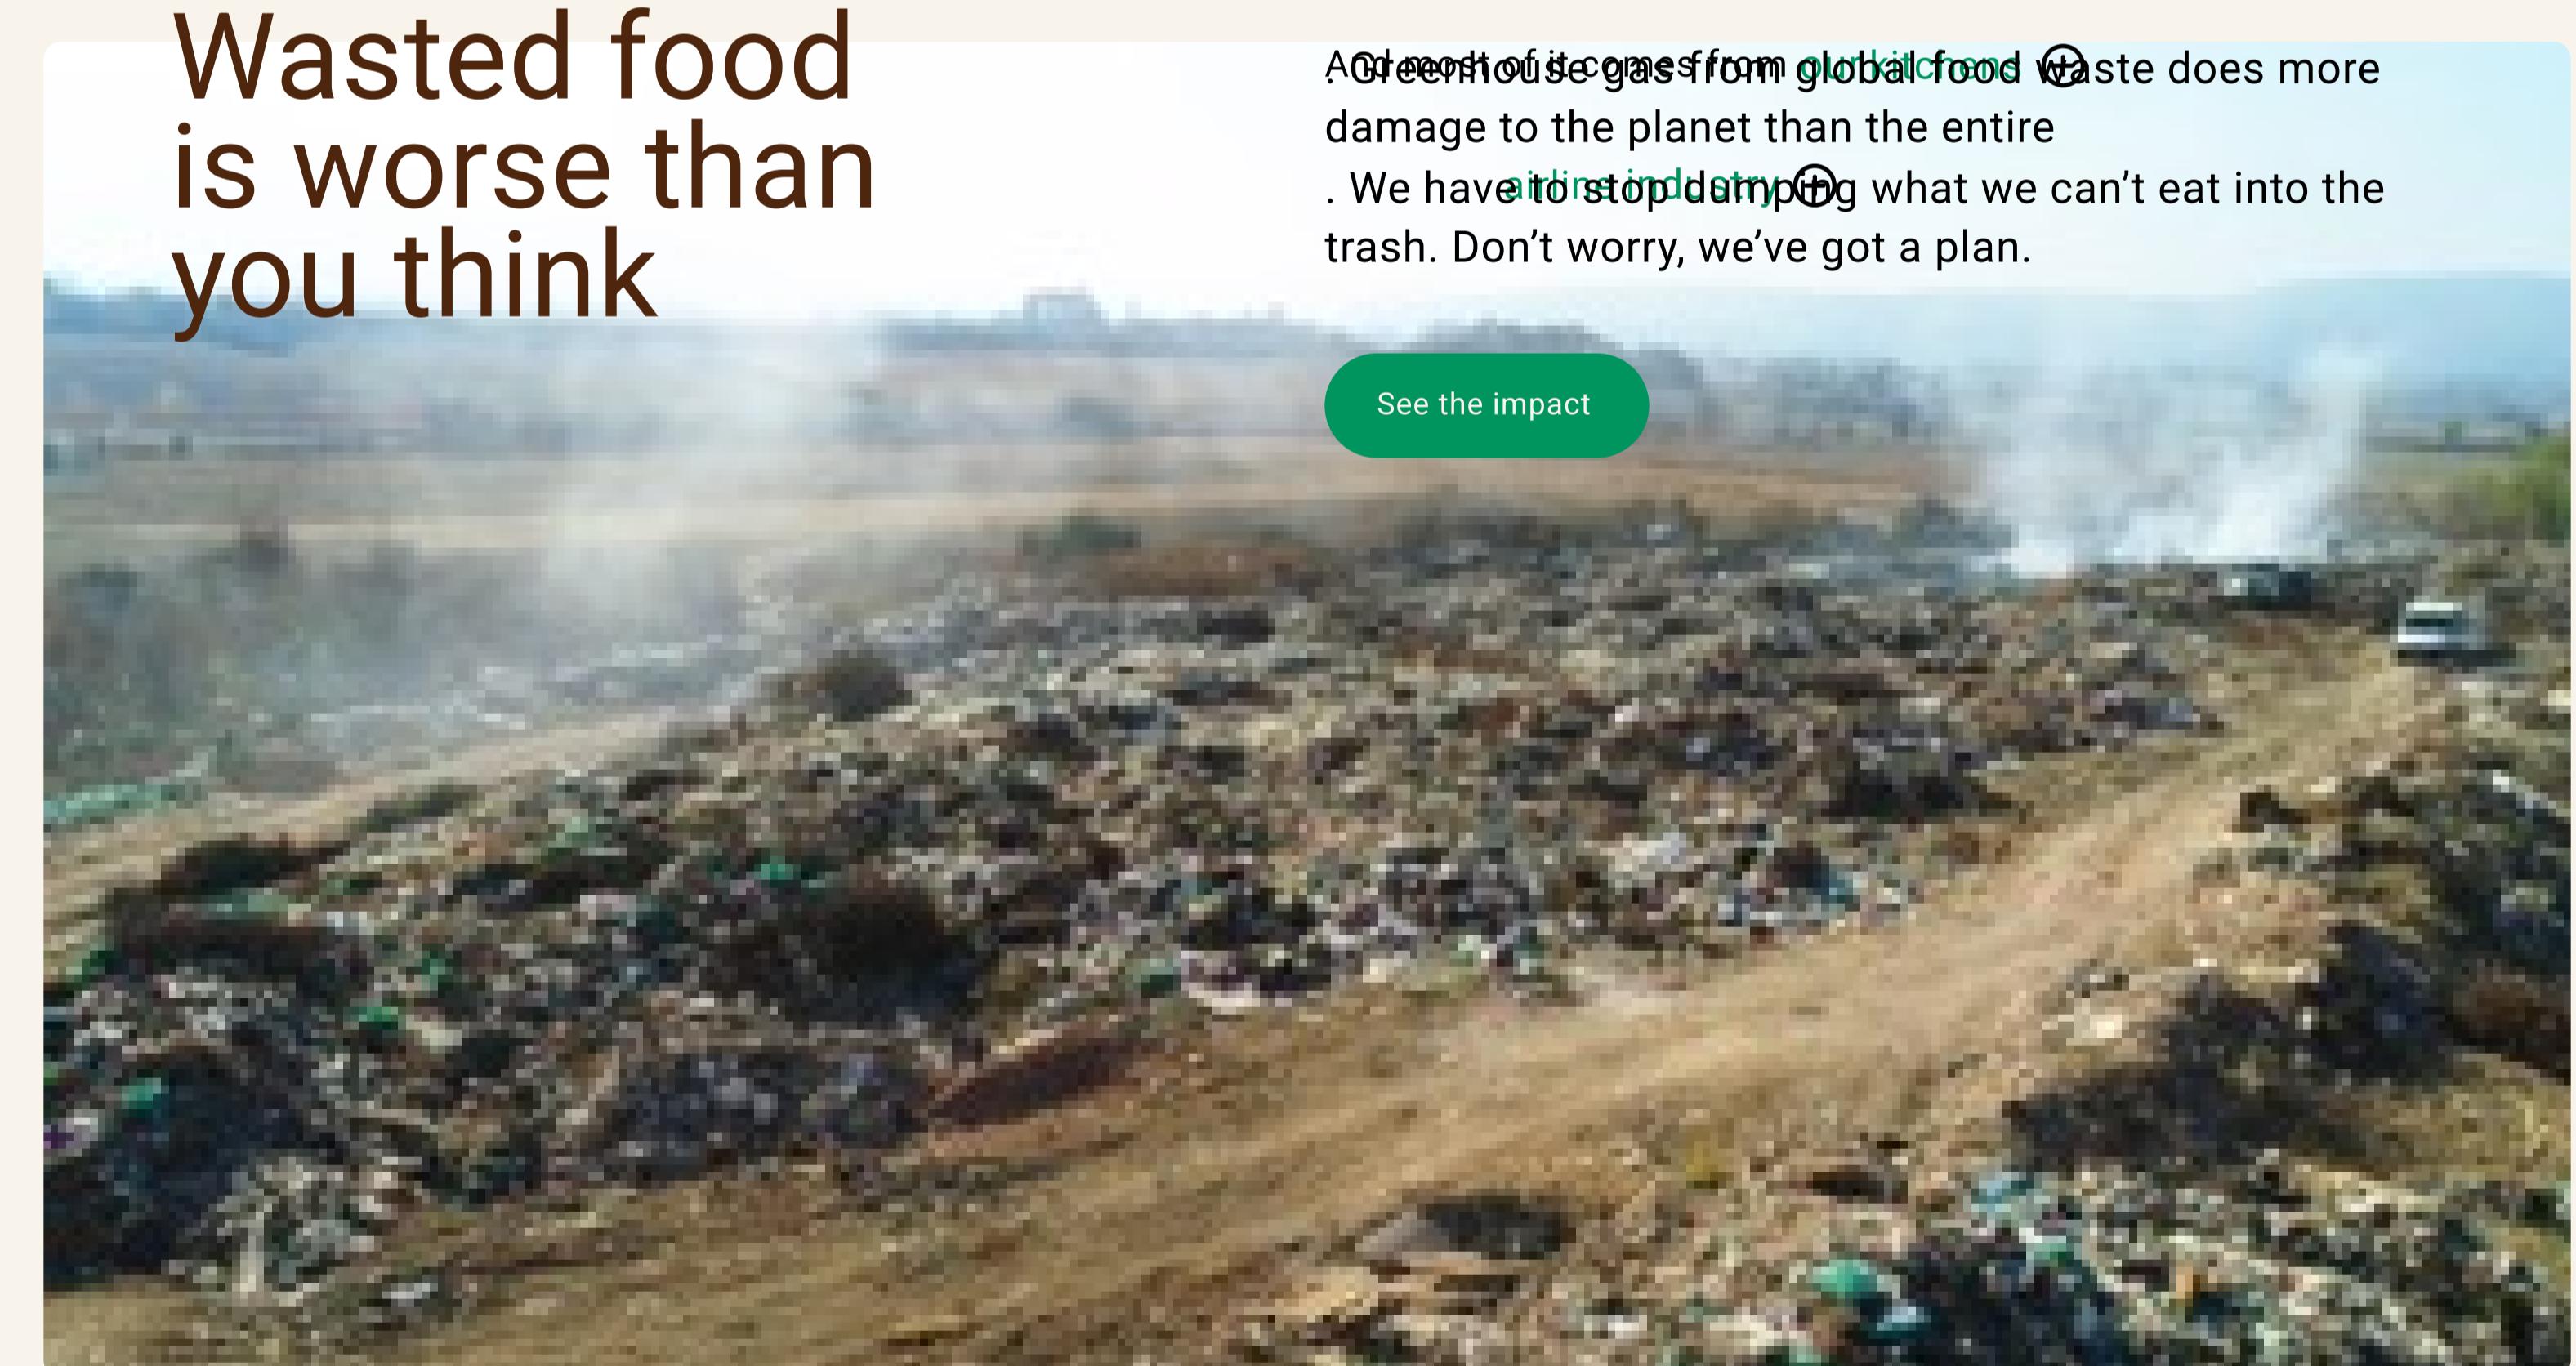

[Meet the bin](#)

Wasted food is worse than you think

A ~~greenhouse gas~~ from global food waste does more damage to the planet than the entire . We have ~~to stop doing~~ what we can't eat into the trash. Don't worry, we've got a plan.
